

Thank you for purchasing the **Dual Knee Reception Table (wood)** from Futureglass!

The design of Dual allows easy tool free assembly by a competent adult.

The simple tool free assembly means that the table can be constructed in the shortest of times.

Please take a few moments to read these instructions to get the most from the table.

ASSEMBLY INSTRUCTIONS

1. Unpack all of the components.
2. Using the packaging for protection of the glass, put the table top with the bonded bosses facing upwards.
3. Screw an M8 grub screw into the boss which is bonded to the glass.
4. Screw base (one of the smaller pieces of glass) onto the threaded rod (which is protruding from the leg), by rotating the glass tabletop until it is tight. Align the boss and the leg on the final QUARTER turn. Repeat this for the other pedestal leg.
5. Carefully, with adequate assistance, rotate the table, holding the shorter lengths of the table top.

The glass supplied is toughened to BS6206A for safety. In order to maximize this safety; please follow the following precautions.

- | | |
|--|---|
| 1. Never drag the table - Always lift with assistance | 7. Never place hot pans onto the table. |
| 2. Replace any damaged glass with that of identical specification. | 8. Avoid subjecting the table to impact. |
| 3. Never place heavy objects onto the table. | 9. Never sit or stand on the table. |
| 4. Use a suitable non-abrasive glass cleaner. | 10. The table is not suitable for rough use |
| 5. Take care when moving the table. | 11. In the unlikely event of breakage, a competent person must clear thoroughly the area of sharp shards of glass, which may cut. |
| 6. Take care in positioning the table. | |

Thank you for purchasing the **Dual Knee Reception Table (steel)** from Futureglass!

The design of Dual allows easy tool free assembly by a competent adult.

The simple tool free assembly means that the table can be constructed in the shortest of times.

Please take a few moments to read these instructions to get the most from the table.

ASSEMBLY INSTRUCTIONS

1. Unpack all of the components.
2. Using the packaging for protection of the glass, put the table top with the bonded bosses facing upwards.
3. Screw the central threaded rod onto the boss, leaving an amount of the threaded rod showing.
4. Screw the base (one of the smaller pieces of glass) onto the threaded rod (which is protruding from the leg), by rotating the glass tabletop until it is tight. Align the boss and the leg on the final QUARTER turn. Repeat this for the other pedestal leg.
5. Carefully, with adequate assistance, rotate the table, holding the shorter lengths of the table top.
