

## Thank you for purchasing the Futureglass **Micro Knee!**

The design of the table allows easy tool free assembly by a competent adult in the shortest of times.

Please take a few moments to read these instructions to get the most from the table.

### ASSEMBLY INSTRUCTIONS

1. Unpack all of the components, leaving the glass facing down on a protective layer (preferably still in the original packaging). The threads from the bosses which are bonded to the glass should be facing up.
2. Screw the legs into the bosses (which are bonded to the glass) in a clockwise direction.
3. When the legs are screwed firmly, carefully, using assistance, turn the table over onto the legs by holding the glass only. This minimizes stress on the legs.
4. Adjust the feet to level the table.

The glass supplied is toughened to BS6206A for safety. In order to maximize this safety; please follow the following precautions.

- |   |   |
|---|---|
| 1. Never drag the table   | 8. Never place hot pans onto the table.   |
| 2. Always lift with 2 people holding the glass on the longest side. | 9. Avoid subjecting the table to impact.  |
| 3. Replace any damaged glass with that of identical specification.  | 10. Never sit or stand on the table.  |
| 4. Never place heavy objects onto the table.                        | 11. The table is not suitable for rough use   |
| 5. Use a suitable non-abrasive glass cleaner.                       | 12. Always lift the table by the glass to move it, never drag it or lift by the legs.   |
| 6. Take care when moving the table.                                 | 13. In the unlikely event of breakage, a competent person must clear thoroughly the area of sharp shards of glass, which may cut. |
| 7. Take care in positioning the table.                              |   |
